SUMMARY

Information System student with a strong interest in software and mobile application development. Hands-on experience in building practical applications using frameworks like Flutter and working with various programming languages through university coursework and personal projects. Eager to learn, grow, and apply technical skills in a collaborative environment.

EDUCATION

Bachelor of Information Systems 2025 – Present
Imam Mohammed bin Saud Islamic University

SKILLS

Technical Skills Programming Languages (Java , Dart, Flutter)	Mobile Development Building cross-platform mobile applications using Flutter and Dart, integrating REST APIs, and implementing state management and responsive UI layouts.
Soft Skills Teamwork, Problem Solving, Time Management, Adaptability	

COURSES

Security+ <i>Tuwaiq Club</i> Completed an intensive 45-hour training bootcamp covering core cybersecurity principles, network security fundamentals, threat mitigation, and system security management.	09/2/2026 – 26/2/2026
Google AI Solutions Program <i>Tuwaiq Academy & Google</i> Completed an intensive training program focused on artificial intelligence solutions, exploring practical AI tools, machine learning concepts, and innovative problem-solving using Google technologies.	5/7/2026 – 30/7/2026

PROJECTS

Explore Saudi <i>AI-Powered Personalized Tourism & Itinerary</i> Developed an interactive tourism application showcasing Saudi Arabian destinations and mega-projects. The smart planning system transforms traveler preferences and constraints into a personalized, actionable daily itinerary by intelligently selecting and sequencing optimal destinations into a seamless travel path.
Smart Loop <i>IoT-Based Smart Water Monitoring Application</i> Developed a Flutter mobile application integrated with an ESP32 and a water-flow sensor to monitor real-time water consumption. The system uses Firebase for live data synchronization and provides usage analytics, cost estimates, customizable consumption goals, device status tracking, and PDF reports.
